Officials shall not officiate any contest(s) involving an MHSAA member school (grades 7-12) until all requirements of the registration have been completed, and no official may officiate a sport for which registration has not been approved. An official determined to have worked unregistered or in sports which registration has not been approved may be subject to denial/withdrawal of registration status in all sports, probation and/or financial penalties.

 - 9th and 10th grade students may officiate contests at the middle school/junior high school level only while working with a mentor official.
 - 11th and 12th grade students may officiate any subvarsity contests while working with a mentor official.

Reciprocal Officials Requirements

- Live in Indiana, Minnesota, Ohio or Wisconsin and hold a current officials registration in the home state for the sports in which reciprocal registration in Michigan is being requested.

Officiating Regular Season Contests

MHSAA Registered officials are independent contractors and determine for themselves what schools and dates they work. Most MHSAA member schools utilize the services of third-party assigners for hiring officials to work their contests. Officials may contact Registered Assigners and Local Approved Associations through the MHSAA Officials page. These are the best resources for new officials to begin receiving games. For those schools that do not use an assigner, officials may inquire about receiving contests from the school's athletic administrator directly.

NEW - Officials are required to complete the rules meeting in the sport before officiating any REGULAR SEASON high school contest (subvarsity or varsity)

MHSAA Postseason Tournament Opportunities

At minimum, all officials desiring postseason assignment consideration must complete the current year online rules meeting (some sports may offer in-person opportunities to meet this requirement). Additional requirements specific to the sport and/or round of the tournament can be found in the *Officials Guidebook*. These requirements might include a minimum number of ratings (or rating score), a minimum number of games worked and the submission of a season schedule, the successful completion of a rules test and/or membership with a Local Approved Association.

Student Legacy officials are ineligible for postseason consideration, and reciprocal officials from other states are only eligible to officiate the first round of any sport's tournament as long as they meet all other requirements.
